Cause Not Known.
The train was in charge to-night of Engineer Edward Rogers and Conductor John Williams. In the motor-car with Rogers was Assistant Superintendent of the Division P. E. Williams, the Operating Inspector B. O. Stevens was also on board.

Superintendent Miller Brownson, of the Harlem division, stated at 11 o'clock to-night that the cars had been cleared and that no more bodies had been found. The police estimate of the dead is sixteen.

The cause of the wreck was not officially determined to-night.
Miles Brownson, superintendent of the Harlem division, who was in charge of the clearing of the wreckage and who personally supervised the removing of the dead, said that he was not able to determine the cause of the wreck. The tracks, he said, were badly torn up and there had not been time to investigate.

Leonard B. Green, of White Plains, who occupied a seat in the motor-car, directly behind the second approach to the Woodlawn Road curve. It was traveling at a speed, according to Mr. Green, of about 20 miles an hour. He said that he saw the train stop and that he saw the cars turning over.

Disembodied bodies were strung along for a distance of 600 yards. One woman was impaled on a large splinter from a railroad tie. Although the scene of the wreck was in the heart of a thickly populated section, it was some time before the bodies were removed.

The coroner ordered the arrest of Engineer William Rogers and his assistant, Stansfield. The engineer was held without bail, and his assistant paroled.

Defective Rail.
The list of dead at the Grand Central Station included Mrs. C. Kintz, of Chatham, N. Y. This name may have been confused with that of Mary Kintz, before reported. Annie Morehead is said to have been in Pittsburgh.

Shortly after midnight, Coroner Schwann made a statement, in which he said: "I have taken possession of one of the rails over which the train passed, and shall hold it for a technical examination. In my preliminary investigation I found a defect in this rail, which had been used in the place where a mile wheel, probably one of the driving wheels of the electric engine, hit it. The defect was a hole in the rail, about 1/2 inch in diameter, and was located under the Woodlawn Road bridge. This rail has an indentation clearly defined, which shows where some heavy object struck it. The defect is that, following the dropping of this heavy object upon the rail, it spread, allowing the train to pass over it, and later to drop to the ties."

The coroner ordered the arrest of Engineer William Rogers and his assistant, Stansfield. The engineer was held without bail, and his assistant paroled.

FINE ENTERTAINMENT BY NEW ORGANIZATION

A fine musical program was rendered under the auspices of the St. Andrew's Orchestra on Tuesday evening last. The audience was comparatively small, but highly appreciative. The vocal numbers were greatly enjoyed. The vocalists, Mr. Jeter Jones, Mr. Butcher (Petersburg), and the quartet, better known as the "Four Harmonies," were well received. The Miller and the Miller, and Mr. Jones with "You, Just You" and both were vociferously applauded.

The orchestra is a new society, having been organized in October last with three members. It now numbers nine and is still growing. The pieces were well rendered, particularly when the age of the organization is taken into account.

Mr. John Ferrara kindly undertook, at very short notice, to substitute a violin solo for the clarinet solo. Mr. Maschio being unable to be present.
The proceeds of the concert were donated to the Protestant Episcopal Board of Missions.
The program was as follows:
Part I: Overture, "Cavalier," orchestra; quartet, "Evening Hymn," Messrs. Watson, Jones, Hanks, White; song, "King of the March," Mr. E. W. Butcher, Jr.; song, "Thou Art Like a Flower," Mrs. Brangel; part song, "Stars of the Summer Night," quartet; vocal duet, "Excelsior," Mr. DeHart and Mr. Watson; song, "Good-Night, Little Girl, Good-Night," Mr. Jeter Jones; clarinet solo, "Evening Star" (Tannhauser), Mr. E. Maschio; vocal solo, "The Waves," (Gaynor), Mrs. Brangel; part song, "Old Black Joe," quartet; overture, "Medley," orchestra.
Accompanied by Miss S. DeHart; conductor, Mr. Joseph Watson.

Blood Poison From a Scratch

Sore Ate Into the Bone—Expected to Lose His Leg—Unable to Step—Permanently Cured.

"I, I. Hood Co., Lowell, Mass.:

"Gentlemen,—Some three years ago I accidentally scratched a small piece of skin off my leg below my knee. Blood poisoning set in, and a sore formed which ate so deeply that my wife could see the bone. I thought I should lose my leg, and for a long time was unable to step on my foot. I then betroubled me of a previous time when troubled with eczema and Hood's Sarsaparilla did me good. So I decided to go back to my old friend once more. In a short time I found the Sarsaparilla was purifying my blood, for the wound commenced to heal, and to look altogether different from its previous inflamed and raw condition. In a short time it completely closed up, and to-day that leg is the better of the two. I am thankful that it saved me when I was in such a bad condition, and also for the good it does me every time I take it in the spring."—GEORGE McLEAN, 3278 Sixth Avenue, Troy, N. Y.

EXCESS CLAIMS OVER \$1,000,000

Many Concerns File Charges With Interstate Commerce Commission.

AUGUSTA, Ga., February 16.—Claims for excess transportation charges aggregating over a million dollars will be filed with the Interstate Commerce Commission at Washington Monday by H. J. Southall, of Augusta, who represents the big trading companies of New York, as follows: China and Japan Trading Company, Limited; American Trading Company, A. Norden & Co., Karberg & Co. and Pearson, Daniel & Co. The defendant companies are the Georgia Railroad, Central Georgia Railroad Company, Southern Railway Company, Atlantic Coast Line, Atlanta and Westpoint, Western and Atlantic, Western Railway of Alabama, Charleston and Western Carolina, Columbia, Newberry and Laurens, Chesapeake and Ohio, Illinois Central, Louisville and Nashville, Nashville, Chattanooga and St. Louis Railway, Seaboard Air Line, Mobile and Ohio, Texas and Pacific, Missouri, Kansas, and Texas, Atlantic, Toledo, and Santa Fe, Southern Pacific, Great Northern, Northern Pacific, Union Pacific, Oregon Railroad and Navigation Company, Oregon Short Line, Canadian Pacific, Great Northern Steamship Company, and the Southern Railway Company.

The main purpose of the claim is a fight against rate discrimination in the matter of cotton goods shipped from points in the South. The petition shows that from points in eight Southwestern States to Chinese and Japanese ports the rate is \$1.14 per hundred, while from New England cotton manufacturing centers it is \$3.85 per hundred. The plaintiffs hope to have these rates equalized, as well as to recover money already paid. Cotton manufacturers here say that, if favorable, the decision will mean millions of dollars in savings. The South now has three-fourths of the Oriental trade in cotton goods, and this is one of a series of moves on the part of manufacturers to bring about uniform conditions.

The ports mentioned in the petition through which it is alleged the rates are excessive, are San Francisco, Seattle, Portland and Vancouver, to Tokyo, Shanghai and common Oriental ports.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and inferior results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. It makes you weak and run down, and it obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles, and your head aches, back aches, cause indigestion, stomach and liver trouble; you get a yellow, yellow complexion, and your face is so full of pimples and blotches that you may have plenty of ambition, but no strength to get weak and waste away.

To overcome these troubles take Dr. Kilmer's Swamp-Root, the famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has yet been discovered.

If there is any doubt in your mind as to your condition, such from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is found to be a brick-red color, or if it is full of small particles float about in it, your kidneys are in need of immediate attention.

EDITORIAL NOTICE.—So successful is Swamp-Root in promptly overcoming even the most distressing cases, that to prove its wonderful merits you may have a sample bottle sent to you absolutely free by mail. The book contains many of the thousands of testimonial letters received from men and women who found Swamp-Root to be just the remedy they needed. How to Find Out

It has placed before the jury sufficient testimony as to Thaw's insanity to permit of the introduction of further revelations made to him by his wife, and his statements to her in return, and there is a strong probability that Dr. Evans may be permitted to continue his testimony Monday. It is then a question whether or not Mr. Jerome will elect to cross-examine the witnesses immediately or reserve the privilege until later.

When court adjourned last Thursday afternoon Justice Fitzgerald released the jurors from custody "until Monday morning."

Having once been released, it is not likely that the jurors will again be held in close confinement.
